## PROFESSIONAL EXPERIENCE

### Veda IT , Telangana, Hyderabad: Web-Development Apprenticeship

feb 2024 – Sep 2024

- Built several web projects using HTML, CSS, and JavaScript.
- Developed backend applications using Django Python framework and MySQL/SQL databases.
- Leveraging apprenticeship experience at Veda IT to gain practical knowledge and professional development. Seeking a role to apply my technical skills and contribute to innovative projects.

## PROJECTS

### E-commerce WebPage

mar 2024 – April 2024

Ensure the web page is User-friendly and adjusts to different screen sizes.

- Developed a fully functional e-commerce website using (HTML, CSS, and JavaScript).
- Implemented prod uct listings, search functionality, and a shopping cart system, enhancing user experience and facilitating online transactions

### Food Web Page

June2024

Ensure the web page is User-friendly and adjusts to different screen sizes.

- Developed a visually engaging and user-friendly food website utilizing (HTML, CSS, and JavaScript). The website features dynamic content, providing a seamless user experience.
- I employed best practices for web development, ensuring optimal performance and accessibility. This project showcased my skills in front-end development, including responsive design and interactive elements

### Social Media Page

July2024

- User Interface: Designed an intuitive and user-friendly interface with a focus on enhancing user experience.
- Responsive Design: Ensured compatibility across various devices and screen sizes using CSS media queries.
- Cross-Browser Compatibility: Tested and optimized the web page for functionality across different browsers.Utilized Git for version control and collaboration.
